The Assistance Provider cannot be held liable for delays or impediments in the performance of services in the event of strikes, riots, civil commotion, reprisals, restrictions on free movement, any act of

sabotage or terrorism, civil or foreign war, release of heat or radiation resulting from the disintegration of atomic nuclei, radioactivity, or other cases of unforeseeable circumstances or force majeure.

For all other policy covers:

In order to benefit as soon as possible from his/her indemnity, the Insured or his/her legal representative must, under threat of forfeiture, report any loss likely to affect the policy covers from the time that he/she becomes aware of same:

- within 5 working days in the event of loss of, theft of or damage to Baggage,
- within 15 working days for the reimbursement of Medical Expenses without hospitalisation, "Personal Accident", "Public Liability Abroad".

In the event of non-notification or notification after the deadline, cover shall no longer be granted if the Insurer establishes that the delay caused it a loss, unless the Insured or his/her representative proves that, as a result of unforeseeable circumstances or force majeure, it was impossible for him/her to report the loss within the period laid down.

If the Insured or his/her representative intentionally uses inaccurate documents or fraudulent means, he/she shall entirely forfeit all entitlement to any indemnities. The same applies in the event of non-disclosure in the loss notification, tending to exaggerate or misrepresent the consequences of the accident or illness, to disguise its causes or to prolong its consequences.

Should the Insured refuse without valid grounds to submit to an examination by the Insurance Company's doctors and/or experts and if, after a notice given 48 hours in advance by registered letter, he/she persists in his/her refusal, he/she shall forfeit all entitlement to any indemnity for the loss in question.

Among other things, it is agreed that if, at any time, after the beneficiary(-ies) has/have been paid the flat-rate sum insured in settlement of the claim made, it is discovered that the Insured is still alive, in that case any sum paid by the Insurer must be returned to it.

SETTLEMENT OF CLAIM

Upon the occurrence of the risk, the Insurance Company must perform within the agreed time limit the service determined by the policy and that shall be the limit of its obligation (Art L 113-5 of the Insurance Code).

The indemnity or benefit shall be paid at the registered office of the Insurance Company in France or of its authorised representative.

Following agreement between the parties, the indemnity or benefit shall be payable without interest within a period of 10 days after it is determined. Failing an agreement, payment shall be made within the same period following an enforceable court decision. Payment of the indemnity shall be final and shall release the Insurance Company from any subsequent recourse or appeal relating to the loss or its consequences.

Expert assessment

The loss or damage shall be evaluated by negotiation or, failing this, by an out-of-court expert's investigation, subject to the respective rights of the parties. Each of the parties shall choose an expert. If the experts thus appointed fail to reach an agreement, they shall choose a third expert. The three experts shall operate by mutual agreement and by a majority of votes. If one of the parties fails to appoint its expert, or if the two experts fail to agree on the choice of the third one, the appointment shall be made by the commercial court in the judicial district in which the loss occurred. This appointment shall take place on a simple request by the more diligent party made at the earliest 15 days after sending the other party a registered letter giving formal notice, with advice of delivery. Each party shall pay the costs and fees of its expert and, if necessary, half the fees of the third expert and of the costs of his/her appointment.

Independent aggravation of the accidental or pathological event

Whenever the consequences of an accident or an illness are aggravated by an empirical treatment, or by the Insured's negligence or refusal to submit to the medical treatment necessitated by his/her condition, the benefit shall be calculated not on the actual consequences of the case, but on those that would have been experienced in a normal healthy subject undergoing a rational and appropriate medical treatment.

SECTION 6 – GENERAL PROVISIONS

Penalty in the event of fraudulent misrepresentation

Any deliberate non-disclosure, omission or inaccuracy in the declaration of the risk shall be penalised, even if it had no effect on the loss in accordance with the conditions laid down by articles L 113-8 and L 113-9 of the Insurance Code.

Time-bar

In accordance with articles L 114-1 and L 114-2 of the Insurance Code, any actions shall be time-barred two years after the event giving rise to it.

Multiple insurances

The Insured can under no circumstances enrol several times on the present policy for the same period. Should this occur, the Insurance Company's liability shall, in any event, be limited to a single enrolment.
