B - DOCUMENTS REQUIRED TO SETTLE CLAIMS

IN ALL CASES THE INSURER WILL REQUIRE THE FOLLOWING INFORMATION TO OPEN A CLAIM FILE:

The Insured's identification number and the policy number (shown on the Assistance Card)

A copy of the Application Form for this policy

(For faster and more efficient processing, detach, complete and attach the "claim report form" to the claim report.)

In addition, depending on the circumstances, the Insurer may also need the following documents: FOR

Should any additional medical documents or other supporting documents be required (depending on the relevant cover) in order to settle the claim, the Insured will be personally informed by the Claims Office or the Insurer.

C - COMPENSATION FOR AN INSURED EVENT

No payment will be made until a complete file has been submitted together with all documents requested by the Claims Office.

After the parties reach agreement, compensation will be payable, without interest, within 15 days from the date on which such compensation is agreed.

If an examination by experts is necessary to settle the claim and the Insured or his/her legal representative refuses to undergo such examination without a valid reason, and if, after having been given 48 hours prior notice by letter sent recorded delivery, he/she continues to refuse, the Insurer will be obliged to refuse all rights to compensation for the relevant Insured Event.

Deterioration of the Insured's condition unrelated to the accident or pathology

Whenever the aftereffects of an accident or illness deteriorate as a result of empirical treatment or the Insured's negligence or refusal to seek the medical treatment required by his/her condition, compensation will be calculated not on the basis of the actual aftereffects of the case, but on the basis of what they would have been for a person in normal health who sought rational and appropriate medical treatment.

Expert assessment

The loss sustained will be determined by mutual agreement or, failing that, by an out-of-court expert assessment, subject to the respective rights of the parties. Each party shall choose an expert. If the two experts appointed by the parties cannot reach agreement, they will appoint a third expert. The three experts will decide by mutual agreement and by a majority of votes. If one of the parties fails to appoint an expert or if the two experts fail to agree on the choice of the third expert, a third expert will be appointed by the Commercial Court in whose territorial jurisdiction the insured event occurred. A third expert will be appointed further to a petition filed by either party at least 15 days after formal notice to perform has been given to the other party by letter sent recorded delivery.

Each party will pay the fees and expenses of its expert and, if applicable, half of the fees of the third expert and the costs of his/her appointment.

Subrogation or remedy against those liable for the insured event

For the Medical Expenses cover, where compensation has been paid, the Insurer will be subrogated to all the Insured's rights and remedies against any person liable for the damage up to the amount of such compensation. These provisions do not apply to the Insured's children, descendants, ascendants or agents, or to any person who ordinarily lives with the Insured, except in the event of malicious damage.

10 - MISCELLANEOUS

STATEMENT OF RISK

Accordance with the law, this agreement is based statements of the Insured. It must therefore answer the questions posed by the Insurer through the Application form, which are likely to make him appreciate the risks he takes over (Art. L 113-2 of the Insurance Code) .

Penalties in the event of a false declaration

Any inaccuracy, omission, failure to declare or deliberate false declaration by the Insured relating to the information that constitutes the risk when taking out the policy or whilst it is in force will be punishable, even if it had no impact on the Claim, by a reduction in compensation or by rendering the policy null and void (Articles L.113-8 and L.113-9 of the French Insurance Code [Code des assurances]).

Similarly, any omission, withholding of information or false declaration, whether or not it is deliberate, in the Claim report will render the Insured liable to forfeiture of cover or cancellation of the policy.

Under no circumstances may the Insured be covered more than once under this policy for the same trip. If that were the case, the Insurer's commitment would be limited to a single subscription in any event.

Address for service

Tour CB21-16 Place de l'Iris, 92400 Courbevoie

Period of limitation

In accordance with the provisions of Articles L114-1 of the Insurance Code, all actions arising from a contract of insurance are time-barred 2 years after the date of the event giving rise to the action.

However, this period will only start to run:

1 In the case of concealment, omission, false or inaccurate provision of information in respect of the risk to be covered: from the date the Insurer becomes aware of the event;

2 In the case of an event giving rise to a claim: only from the day on which the interested parties become aware of it, if they prove that they have ignored it until then.

When the action of the Insured against the Insurer results from a claim by a third party, the statutory limitation period shall only start to run from the day upon which that party has taken legal action through the courts against the Insured or has been compensated by the latter.

The statutory limitation period is extended to ten years in contracts of insurance against accidents to the persons where the Beneficiaries are the legal heirs of the deceased Insured.

The statutory limitation period is interrupted by one of ordinary causes of limitation period interruption, namely by:

- any court summons, including interim proceedings, any court order to pay or seizure, served on the person seeking to invoke the statutory limitation periods in an attempt to prevent him from so doing;
- any unequivocal recognition by the Insurer of the Insured's right to receive insurance benefits,
- or any recognition of debt by the Insured in favour of the Insurer;
- as well as in the other following cases provided for under article L114-2 of the Insurance Code:

any designation of an expert following an event giving rise to a claim;

- the sending of a registered letter with acknowledgment of receipt by:

- the Insurer to the Insured for non-payment of premium;
- the Insured to the Insurer for payment of the insurance benefit.

As an exception to article 2254 of the Civil Code, the parties to an insurance contract may not, even by mutual agreement, either change the duration of the statutory limitation periods, nor add to the grounds for suspension or interruption of the same.
