In addition, depending on circumstances, the Insurer shall also require the following items:

In the case of damaged property, the Insured may at any moment be asked to prove the damage, either by sending the damaged property to the management centre or by producing proof of the repair invoice for the aforementioned property.

- The original supporting documents for the expenses.

For personal accident cover:

An affidavit giving details of the circumstances of the Accident and the name of any witnesses and if applicable, a report from the competent local authorities establishing the circumstances of the Accident. In the event of disappearance: it is agreed that if, on expiry of a minimum period of twelve months, having examined all the available evidence and proof, the Insurer has no reason not to presume that an Accident has occurred, in that case the Insured's disappearance shall be deemed to constitute an event likely to lead to a claim under the present policy. Among other things, it is agreed that if, at any time, after the beneficiary(-ies) has/have been paid the flat-rate sum insured in settlement of the claim made, it is discovered that the Insured is still alive, in that case any sum paid by the Insurer must be returned to it.

For Personal Liability cover:

- An affidavit giving details of the circumstances and consequences.
- Any correspondence, documents, summonses, legal letters concerning the loss.

SETTLEMENT OF CLAIM

Upon the occurrence of the risk, the Insurance Company must perform within the agreed time limit the service determined by the policy and that shall be the limit of its obligation (Art L 113-5 of the Insurance Code).

The indemnity or benefit shall be paid at the registered office of the Insurance Company in France or of its authorised representative.

Following agreement between the parties, the indemnity or benefit shall be payable without interest within a period of 10 days after it is determined. Failing an agreement, payment shall be made within the same period following an enforceable court decision. Payment of the indemnity shall be final and shall release the Insurance Company from any subsequent recourse or appeal relating to the loss or its consequences.

Expert assessment

The loss or damage shall be evaluated by negotiation or, failing this, by an out-of-court expert's investigation, subject to the respective rights of the parties. Each of the parties shall choose an expert. If the experts thus appointed fail to reach an agreement, they shall choose a third expert. The three experts shall operate by mutual agreement and by a majority of votes. If one of the parties fails to appoint its expert, or if the two experts fail to agree on the choice of the third one, the appointment shall be made by the commercial court in the judicial district in which the loss occurred. This appointment shall take place on a simple request by the more diligent party made at the earliest 15 days after sending the other party a registered letter giving formal notice, with advice of delivery. Each party shall pay the costs and fees of its expert and, if necessary, half the fees of the third expert and of the costs of his/her appointment.

Subrogation or recourse against those responsible for the loss

For Medical Expenses cover, if an indemnity has been paid, the Insurer shall be subrogated to all the rights and remedies of the Insured, up to the amount of this indemnity, against any person responsible for the loss or damage. These provisions shall not apply, except in the case of malicious activity, to the children, relatives in direct line of ascent or descent, or employees of the Insured, nor to any person living habitually in his/her household.

Independent aggravation of the accidental or pathological event

Whenever the consequences of an accident or an illness are aggravated by an empirical treatment, or by the Insured's negligence or refusal to submit to the medical treatment necessitated by his/her condition, the benefit shall be calculated not on the actual consequences of the case, but on those that would have been experienced in a normal healthy subject undergoing a rational and appropriate medical treatment.

SECTION 6 - MISCELLANEOUS

STATEMENT OF RISK

Accordance with the law, this agreement is based statements of the Insured. It must therefore answer the questions posed by the Insurer through the Application form, which are likely to make him appreciate the risks he takes over (Art. L 113-2 of the Insurance Code) .

Penalties in the event of a false declaration

Any inaccuracy, omission, failure to declare or deliberate false declaration by the Insured relating to the information that constitutes the risk when taking out the policy or whilst it is in force will be punishable, even if it had no impact on the Claim, by a reduction in compensation or by rendering the policy null and void (Articles L.113-8 and L.113-9 of the French Insurance Code [Code des assurances]).

Similarly, any omission, withholding of information or false declaration, whether or not it is deliberate, in the Claim report will render the Insured liable to forfeiture of cover or cancellation of the policy.

Multiple insurance policies

Under no circumstances may the Insured be covered more than once under this policy for the same trip. If that were the case, the Insurer's commitment would be limited to a single subscription in any event.

Address for service

The Insurer and its representatives choose the Company's domicile at its registered address in France:
Tour CB21-16 Place de l'Iris, 92400 Courbevoie

Period of limitation

In accordance with the provisions of Articles L114-1 of the Insurance Code, all actions arising from a contract of insurance are time-barred 2 years after the date of the event giving rise to the action.

However, this period will only start to run:

1 In the case of concealment, omission, false or inaccurate provision of information in respect of the risk to be covered: from the date the Insurer becomes aware of the event;

2 In the case of an event giving rise to a claim: only from the day on which the interested parties become aware of it, if they prove that they have ignored it until then.

When the action of the Insured against the Insurer results from a claim by a third party, the statutory limitation period shall only start to run from the day upon which that party has taken legal action through the courts against the Insured or has been compensated by the latter.

The statutory limitation period is extended to ten years in contracts of insurance against accidents to the

persons where the Beneficiaries are the legal heirs of the deceased Insured.

The statutory limitation period is interrupted by one of ordinary causes of limitation period interruption, namely by:

- any court summons, including interim proceedings, any court order to pay or seizure, served on the person seeking to invoke the statutory limitation periods in an attempt to prevent him from so doing;
- any unequivocal recognition by the Insurer of the Insured's right to receive insurance benefits,
- or any recognition of debt by the Insured in favour of the Insurer;
- as well as in the other following cases provided for under article L114-2 of the Insurance Code:
 - any designation of an expert following an event giving rise to a claim;
- the sending of a registered letter with acknowledgment of receipt by:
 - the Insurer to the Insured for non-payment of premium;
 - the Insured to the Insurer for payment of the insurance benefit.

As an exception to article 2254 of the Civil Code, the parties to an insurance contract may not, even by mutual agreement, either change the duration of the statutory limitation periods, nor add to the grounds for suspension or interruption of the same.
